Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Young Men's Christian Association of the North (YMCA), which comprise the consolidated statements of financial position as of December 31, 2021 and 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of YMCA, as of December 31, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of YMCA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about YMCA's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements. The financial statements of Twin Cities YMCA Partners, LLC, YMCA at the Marsh LLC and Open Y, LLC were not audited in accordance with *Government Auditing Standards*.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of YMCA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about YMCA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming opinion on the consolidated financial statements as a whole. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 26, 2022, on our consideration of YMCA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of YMCA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering YMCA's internal control over financial reporting and compliance. The financial statements of Twin Cities YMCA Partners, LLC, YMCA at the Marsh LLC and Open Y, LLC were not audited in accordance with *Government Auditing Standards*.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Young Men's Christian Association of the North (YMCA) is a leading nonprofit dedicated to strengthening communities through youth development, healthy living and social responsibility. Established 165 years ago, the YMCA provides life-strengthening services across the greater Twin Cities metro region, southeastern Minnesota, and western Wisconsin communities. The 29 YMCA locations and program sites, eight overnight camps, 10 day camps, and more than 90 childcare sites engage more than 370,000 men, women, and children of all ages, incomes, and backgrounds. To learn more about the Y’s mission and work, visit ymcamn.org.

The consolidated financial statements include the activities of the YMCA; YMCA at the Marsh LLC; Open Y, LLC; and Twin Cities YMCA Partners, LLC. All significant intercompany transactions have been eliminated.

Financial Statement Presentation

Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the YMCA and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets not subject to donor-imposed stipulations.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that: a) restrict their use to a specific purpose which will be satisfied by actions of the YMCA or the passage of time; or b) require that they be maintained in perpetuity by the YMCA; generally, the donor of these assets permit the YMCA to use all or part of the income earned, including capital appreciation, or related investments for purposes with or without donor restrictions.

Measure of Operations

In its consolidated statements of activities, the YMCA includes in its definition of operations all revenues and expenses that are an integral part of its programs and supporting activities. Nonoperating activity consists primarily of investment returns above the amounts designated for operation, change in value of beneficiary agreements, gains and losses from asset dispositions, rental and rebate income, other nonoperating expenses and capital releases from restrictions.

Cash and Cash Equivalents

Cash equivalents include investments in highly liquid debt instruments with original maturities of three months or less with the exception of cash designated for investment purposes.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

The YMCA provides an allowance for bad debts using the allowance method. Services are sold on an unsecured basis. Accounts past due more than 60 days are analyzed for collectibility. Accounts are written off after collection activities are exhausted. In addition, an allowance is provided for other accounts when a significant pattern of uncollectibility has occurred. At December 31, 2021 and 2020, the allowance was $231,094 and $192,410, respectively.

Contributions Receivable

Promises to give that are expected to be collected within one year are recorded at their net realizable value. Promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. The discounts on those amounts are computed using an imputed interest rate applicable to the year in which the promise is received. Conditional promises to give are not included as support until such time as the conditions are substantially met. There were $-0- conditional promises to give outstanding as of December 31, 2021 and 2020.

Leases

The YMCA determines if an arrangement is a lease at inception. ROU assets represent the YMCA's right to use an underlying asset for the lease term and lease liabilities represent the YMCA's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the YMCA will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. The YMCA has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the consolidated statements of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the YMCA has elected to use their average borrowing rate for computing the present value of lease liabilities.

Receivable on Sale-Leaseback Transaction

During 2008, the YMCA, sold approximately 86 acres of land and simultaneously entered into a ground lease on the same property to continue to provide services to youth. The lease term was a minimum of 10 years and a maximum of 25 years at a rate of one dollar per year. The YMCA incurred a gain on sale of $11,341,893, which has been fully amortized with the exception of $3 million that is contingent upon the YMCA leaving the premises after the minimum lease term of 10 years. If the YMCA continues to lease the premises after the 10-year lease term, the contingent gain is reduced over the next 15-year period by $200,000 per year. At December 31, 2021, the YMCA had vacated the premises and received the final payment of $2,316,669 per the terms of the agreement.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments, including alternative investments, are stated at fair value based either on quoted market prices, or for certain investments with no readily available quoted market prices, on fair values as determined by management based on review of inputs provided by the investment manager and evaluated by an independent reporting service on a monthly basis. The alternative investment may include derivative instruments embedded in the fund that could expose the YMCA to potential investment risk.

The YMCA invests in a variety of investment vehicles, including U.S. government securities, corporate bonds, common and preferred stocks, real estate funds, hedge fund of funds, and private equity.

Realized and unrealized gains and losses are recorded in the period in which they occur. A majority of the investments are invested in a combined investment pool. Interest income and realized and unrealized gains and losses are allocated using the market value method.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future consolidated statements of activities.

Interest in Beneficiary Trusts

Interest in beneficiary trusts consist of assets held in charitable remainder trusts, charitable gift annuities, and perpetual trusts.

Beneficial Interests in Charitable Remainder Trusts – Donors established and funded trusts under which specified distributions are made to a designated beneficiary or beneficiaries over the trusts' terms. Upon termination of the trusts, the YMCA receives the assets remaining in the trusts. Beneficial interests in charitable remainder trusts are recorded at the fair value of the trusts' assets net of the present value of the estimated future payments to be made under the specific terms of the trusts. Changes in net assets of the trusts are recorded as gains or losses (change in value of beneficiary agreements) in the consolidated statements of activities.

Beneficial Interests in Charitable Gift Annuities – The annuity agreements specify that an annuity is to be paid to a donor-identified annuitant until such annuitant's death. The annuity obligation is measured at the present value of the expected future payments to be made to the beneficiary. The investments held in the annuities are carried at market value. The changes in the market values of the investments and the annuity obligation are reflected in the consolidated statements of activities as a change in value of beneficiary agreements. The trusts and annuity obligation are classified based upon the donor's stipulation as to the use of the funds after the death of the donor/annuitant.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interest in Beneficiary Trusts (Continued)

Beneficial Interest in Perpetual Trusts – The YMCA is the beneficiary of perpetual trusts held by a third party. Under the terms of the trusts, the YMCA has the irrevocable right to receive the income generated by the trust in perpetuity. The beneficial interest in the perpetual trusts is recorded at the fair value. Changes in net assets of the trusts are recorded as gain or losses (change in value of beneficiary agreements) on the consolidated statements of activities. Net assets and changes in the net assets are recorded with donor restrictions. Distributions received from these trusts are recorded as investment income without donor restrictions.

Funds Held in Escrow

Funds held in escrow represent cash held by others for security deposits, debt repayment and for future capital projects. Funds held in escrow consist of cash and cash equivalents.

Land, Building, and Equipment

Land, building, and equipment acquisitions of $2,500 or greater are recorded at cost. Donated items are recorded at fair value on the date of the contribution. Depreciation is computed using the straight-line method based upon the following estimated useful lives:

Buildings	30 Years
Building and Land Improvements	15 to 20 Years
Equipment	5 Years
Vehicles	5 Years
Technology	3 Years

Deferred Revenue

Membership dues and program fees that are designated for or related to future years' activities are deferred and recognized as revenue in the period in which the revenue is earned.

An agreement with the city of Forest Lake was signed on October 20, 2014 in which the city agrees to provide land and $9,000,000 to build a facility. The YMCA was required to begin construction by July 31, 2015, opening the facility by July 31, 2016. The YMCA has agreed to utilize the facility as a full service YMCA for 30 years after completion. The YMCA has also agreed to provide various benefits to all residents of the city of Forest Lake for 30 years. The revenue relating to this agreement will be treated as deferred revenue for the estimated value of the benefits that the YMCA will provide to all residents of the city and recognized over the 30 years. This was estimated to be $5,712,000. The remaining $3,288,000 was recognized as contributed revenue in 2014. As of December 31, 2021 and 2020, $4,664,800 and $4,855,200 was included in deferred revenue, respectively.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition Significant Accounting Policies under Accounting Standards Codification 606

Youth Development, Healthy Living, and Social Responsibility on the consolidated statements of activities are inclusive of the following categories:

Membership Dues

Membership dues are recognized ratably over the period of membership, which varies based on when members join or leave the YMCA. Unearned membership revenue is reflected as deferred revenue on the consolidated statements of financial position. Members are provided with monthly access to the YMCA locations and a variety of services, and revenue is recognized monthly as the services are provided. Management has adopted the practical expedient whereby costs to obtain membership contracts are not capitalized as the average length of a membership contract is less than one year. Dues revenue is allocated among the performance obligations and is recognized when each of the performance obligations are satisfied, as follows:

- Monthly access to the various YMCA locations and services included in the monthly membership — recognized monthly as service is provided.
- Discounted program service fees — recognized during the year in which the discount is actually taken and the program service provided.

Program Service Fees

Program Service Fees are reported at the amount that reflects the consideration to which the YMCA expects to be entitled in exchange for providing services to their program participants. Program fees include fitness classes, childcare, day camps, overnight camps, swim lessons, and various other programs operating at YMCA locations, program sites, camps, or schools. Performance obligations are determined based on the nature of the services provided by the YMCA. Performance obligations are generally providing a service at a point in time. Revenue is recognized at the time the program is held. Unearned program fees are reflected as Deferred Revenue on the consolidated statements of financial position.

Sale of Supplies

Sale of supplies includes one-time sales of various items at the YMCA locations. Revenue is recognized at the point in time of the sale as no subsequent performance obligations exist.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions are recognized as revenue in the period received or unconditionally promised, whichever is earlier. Conditional promises to give — that is, those with a measurable performance or other barrier and a right of return — are not recognized until the conditions on which they depend have been met. Contributions that are considered conditional but in which the cash has been received in advance are reflected on the consolidated statements of financial position as conditional contribution. All donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as Net Assets Released from Restrictions.

In-Kind Contributions

Contributions of donated noncash assets are recognized at their fair values in the period received. Donated services are recognized as contributions if the services require specialized skills, are performed by persons with those skills, and would otherwise be purchased. Many individuals volunteer their time and perform a variety of tasks that assist the YMCA with their programs. The value of these volunteers is not included in the accompanying consolidated financial statements.

Assets Held for Others

The YMCA received a gift in which the assets are to be held for endowment purposes. The agreement indicates that 25% of the income from the endowed assets is to be distributed to benefit other organizations not related to the YMCA. As such, the YMCA has recognized the portion of those assets that are held for the benefit of others as a liability on the consolidated statements of financial position.

Advertising Expenses

Advertising costs are expensed when incurred. Advertising costs were $1,667,468 and $1,137,794 for the years ended December 31, 2021 and 2020, respectively.

Functional Expenses

The costs of providing the various programs and other activities of the YMCA have been summarized on a functional basis in the consolidated statements of functional expenses. Salary and other personnel costs that are not directly coded to a programmatic activity are allocated based on time certifications and the best estimate of employees. Building maintenance, and depreciation expenses are allocated among the programs and supporting services benefited. Other operating costs are allocated using various allocation methodologies including allocations based on personnel, square footage, or revenue generated.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status

The YMCA is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC) and similar Minnesota Statutes. The YMCA is not considered a private foundation and contributions are considered tax deductible. Twin Cities YMCA Partners, LLC, YMCA at the Marsh, LLC and Open Y, LLC are wholly owned limited liability corporations of the YMCA and all activities are included in the filings of the YMCA.

The YMCA follows a policy that clarified the accounting for uncertainty in income taxes recognized in an organization's consolidated financial statements. The policy prescribes a recognition threshold and measurement principles for the financial statement recognition and measurement of tax positions taken or expected to be taken on a tax return that are not certain to be realized. The application of this policy has no impact on the YMCA's consolidated financial statements.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The vast majority of contributions and receivables are located in the greater Twin Cities area and its surrounding suburbs as well as those in which the YMCA has a camp presence.

The YMCA holds cash at several institutions. The amounts on hand may at times exceed federally insured limits.

Fair Value Measurements

The YMCA measures fair value using a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The YMCA may use valuation techniques consistent with the market, income and cost approaches to measure fair value.

Financial assets recorded on the consolidated statements of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the YMCA has the ability to access.

Level 2 – Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in nonactive markets;
- Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
- Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management’s own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Risks and Uncertainties

The Coronavirus Disease 2019 (COVID-19) has recently affected global markets, supply chains, employees of companies, and our communities. As a result, COVID-19 may impact various parts of the YMCA’s 2022 operations and financial results. Management believes the YMCA is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 31, 2021.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties (Continued)

As required by Minnesota Executive Order, the YMCA was mandated to close its fitness centers to traditional membership during 2020. During the time of these closures, some members continued to pay their regular membership dues in order to provide financial support to the YMCA's other programs and services in the community. During the year ended December 31, 2020, $9.2 million of membership payments was reclassified to contributed revenue.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying consolidated financial statements to maintain consistency between periods presented. The reclassifications had no impact on net assets or the change in net assets.

Subsequent Events

In preparing these consolidated financial statements, the YMCA has evaluated events and transactions for potential recognition or disclosure in these consolidated financial statements through April 26, 2022, the date the consolidated financial statements were available to be issued.

NOTE 2 CONTRIBUTIONS RECEIVABLE

The YMCA's pledges represent contributions for facilities and equipment and to support the ongoing operations of the YMCA. Outstanding pledge contributions from various corporations, foundations, and individuals were discounted at rates between 2.45% and 5.00% based on imputed interest rates applicable to the year in which the promise was received and were as follows at December 31:

At December 31, 2021 and 2020, bonds and notes payable in the table above includes a bond premium on the city of Minneapolis, Minnesota revenue bonds in the amount of $491,515 and $560,391, respectively, which reduced the average stated rate of 3.6% to an effective interest rate of 2.7%. The table above also includes a premium on the city of White Bear Lake, Minnesota revenue bonds in the amount of $1,433,747 and $1,639,456, at December 2021 and 2020, respectively, which reduced the coupon interest rate of 5% to an effective interest rate of 3.38%.

The Paycheck Protection Program loan for $10,000,000 does not require payments to begin until 10 months after the end of the covered period. The YMCA is eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. The loan is uncollateralized and is fully guaranteed by the Federal government.

The summary of annual future maturities of principal on bonds and notes payable as of December 31, 2021 are as follows:

Year Ending December 31,	Scheduled Payment Amount
2022	$ 10,250,360
2023	5,141,667
2024	5,231,667

New Market Tax Credit Financing

In 2015, Sunrise New Markets Fund VII, LLC, a Minnesota limited liability company and Capital City New Markets Fund VII, LLC, a Minnesota limited liability company (collectively, the CDEs), made new market tax credit enhanced mortgage loans totaling $9,372,586 to the YMCA, to finance project costs of the St. Paul Midway branch (the NMTC Loan). The CDEs received allocations of new market tax credit (NMTC) pursuant to Section 45D of the IRC in order to assist eligible businesses in making new investments in certain communities. The availability of the NMTC allowed PNC New Markets Investment Partners, LLC, a Delaware limited liability company, to make a net investment of $3,116,631 in Midway Investment Fund, LLC (the Investment Fund), a Delaware limited liability company. Sunrise Banks, National Association made a loan of $6,749,249 to the Investment Fund (the Leverage Loan). Sunrise Banks, National Association also made a $1,250,751 loan directly to YMCA (Direct Loan). This loan was funded in 2016 and has a balance of $-0- as of December 31, 2021 and 2020, respectively. The St. Paul Midway branch is security for both the Direct Loan and the NMTC Loan. YMCA also invested $5,690,378 in project equity.

The Investment Fund contributed the combined $9,865,880 to the CDEs as capital contributions, which in turn made the NMTC Loan to YMCA. The structure of this NMTC transaction is standard for the NMTC industry. The completion of this transaction provided a significant cash benefit to the YMCA.

Future Transactions – After the seven-year NMTC period expires, it is anticipated the CDEs will liquidate and distribute their assets to the Investment Fund. It is also anticipated that Twin Cities YMCA Partners, LLC will acquire the interests in the Investment Fund for a predetermined amount, and that the Investment Fund will be liquidated. After the “exit” transactions are completed, Twin Cities YMCA Partners, LLC will be the holder of a portion of the NMTC Loan, and such loan will be eliminated for reporting purposes because such loan will be owed by the YMCA to its subsidiary. It is anticipated that the remainder of the NMTC Loan will be refinanced once it matures.

Loan Terms – The NMTC Loan, dated April 27, 2015, stipulates the YMCA pay interest at an annual rate of 2.93% per month payable in arrears beginning in May 2015 until April 22, 2022 for a portion of the NMTC Loan and April 27, 2045 with respect to the other portion of the NMTC Loan. Interest costs associated with the NMTC Loan amounted to $274,720 for both years ended December 31, 2021 and 2020. The NMTC Loan is not eligible for prepayment until April 27, 2022.

NOTE 7 ENDOWMENT

Board-Designated and Donor-Restricted Endowments

The YMCA has board-designated and donor-restricted endowment funds established for the purpose of securing the YMCA's long-term financial viability and continuing to meet the needs of children and families in the community. As required by accounting principles generally accepted in the United States of America, net assets of the endowment fund are classified and reported based on the existence or absence of donor-imposed restrictions. The board of directors of the YMCA has interpreted the state's Uniform Prudent Management of Institutional Funds Act (UPMIFA) as maintaining the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the YMCA classifies the original value of the gifts to the endowment and the value of subsequent gifts to the endowment, as net assets with donor restrictions because those net assets are time restricted until the board appropriates such amounts for expenditure. Most of these net assets are also subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions.

NOTE 7 ENDOWMENT (CONTINUED)

Board-Designated and Donor-Restricted Endowments (Continued)

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the donor or UPMIFA requires the YMCA to retain as a fund of perpetual duration. As of December 31, 2021, funds with original gift values of $256,646 and fair values of $254,358, and the deficiencies of $2,287 were reported in net assets with donor restrictions. As of December 31, 2020, funds with original gift values of $387,854 and fair values of $330,172, and the deficiencies of $57,682 were reported in net assets with donor restrictions. These deficiencies, which the YMCA believes are temporary, resulted from unfavorable market fluctuations. The board of directors determined that continued appropriations during years ended December 31, 2021 and 2020 for certain programs was prudent.

The YMCA has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the YMCA must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of a portfolio containing diverse asset classes without concentration in any particular class or holding while assuming a moderate level of investment risk. The YMCA expects its endowment funds, over time, to provide an average rate of return of approximately 5% more than the consumer price index. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, the YMCA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The YMCA targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The YMCA has a policy of targeting for distribution each year an average of 4.5% of the endowment's market value calculated as of the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the YMCA considered the long-term expected return on its endowment. Accordingly, over the long-term, the YMCA expects the current spending policy to allow its endowment to grow to outpace the distribution. This is consistent with the YMCA's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. The endowment payout was $2,837,877 and $2,162,968 for the years ended December 31, 2021 and 2020, respectively.

NOTE 8 LEASES

The YMCA has leasing arrangements where the YMCA is lessee. These arrangements create right-of-use assets and liabilities. These arrangements are described below. The YMCA’s policy is not to record a right-of-use asset and lease liabilities for leases with terms less than one year.

Finance Lease — YMCA as Lessee — Andover

In 2004, the YMCA entered into a long-term lease for a new facility. The lease has an initial term of 30 years with six optional renewal periods of 10 years each and a final renewal term of nine years. The lease is accounted for as a financing lease. The maximum lease payment in any year of the lease term is $635,000 including both principal and interest. As part of the lease agreement the city of Andover donated the use of the land for the project. The value of the land was valued at $317,643 and is amortized over the initial 30-year lease period and is presented as Right of Use Asset — Donated Land on the consolidated statements of financial position.

NOTE 8 LEASES (CONTINUED)

Finance Lease — YMCA as Lessee — Elk River

On August 20, 2007, the YMCA entered into a lease agreement with the Economic Development Authority for the City of Elk River, Minnesota (EDA). The EDA built an approximately 55,000 square foot facility and the YMCA will provide health, wellness, and youth programs in the facility. The initial lease term is 31 years with an evergreen provision up to a maximum of 99 years. The YMCA's lease payment is equal to one-third of the interest and principal on two separate debt issuances — a 25-year $10 million issuance on November 8, 2007 and a seven-year $2 million dollar issuance on February 20, 2008. The debt payments began August 1, 2008 and cease February 1, 2033. The agreement obligates the city to repay two-thirds of the debt and interest, while the YMCA is obligated for one-third of the debt and interest. On February 12, 2013, the EDA refinanced the $10 million issuance. The YMCA obligation remains one-third of the debt and interest under the new agreement.

Financing Leases — YMCA as Lessee — Other leases

The YMCA also leases various other fitness and office equipment under multiple leasing arrangements that qualify as financing leases. These leases have terms that continue through 2025. The leases generally require monthly or quarterly payments.

Operating Leases — YMCA as Lessee — Fitness Equipment

The YMCA leases fitness equipment for its various locations under a master lease agreement. The master lease agreement does not specify a minimum amount of equipment included under the lease arrangement. Each YMCA location that leases equipment through this master lease agreement has a supplemental lease agreement that specifies equipment to be leased, minimum lease payments and the number of months of the lease term. As such, each supplemental lease agreement is recognized as a lease modification and accounted for as a separate contract. As of December 31, 2021, the YMCA had three such leases that fall under this master lease agreement. None of the supplemental lease agreements contain extension options, any such extension would be seen as a contract modification and treated as a new lease. The liabilities for each lease are calculated based on the contract terms contained in the initial supplemental lease agreement without any extension periods.

Operating Leases — YMCA as Lessee — Space

The YMCA leases multiple sites for their early childhood learning centers and for various programs such as day camps, administrative office space or childcare. Each lease contains a fixed monthly payment, no variable lease payments, for a term of two to fifty years. Certain early childhood learning center leases include extension options. The Rochester ECLC lease includes one extension option for five years. The Lakeville ECLC lease includes two extension options for five-year periods each. The Midway ECLC lease contains two extension options for five-year periods each. The lease for program space at Gaviidae Commons includes three options to extend the lease for additional periods of 10 years each. Lease liabilities and right of use assets have been calculated excluding these extension options as there was no historical basis for extension, except for the Midway ECLC lease which has been extended for an additional five years.

NOTE 9 RETIREMENT BENEFITS

The YMCA participates in a defined contribution, individual account, money purchase retirement plan, which is administered by the Young Men's Christian Association Retirement Fund (the Retirement Fund). This Plan is for the benefit of all eligible staff of the YMCA who qualify under applicable participation requirements. The Retirement Fund is operated as a church pension plan and is a nonprofit, tax-exempt New York state corporation. Participation is available to all duly organized or reorganized YMCAs in the United States. As a defined contribution plan, the Retirement Fund has no unfunded benefit obligations.

In accordance with the agreement with the Retirement Fund, contributions made by the YMCA are a percentage of the participating employees' salaries and are remitted to the Retirement Fund monthly. Effective May 31, 2020, the YMCA reduced its retirement benefit contribution to 1% through December 31, 2020. Effective January 1, 2021, the YMCA increased its retirement benefit contribution to 6% through December 31, 2021. Contribution expense was $2,363,195 and $1,943,366 in 2021 and 2020, respectively.

NOTE 10 CONTINGENCIES AND COMMITMENTS

Contracts

The YMCA receives fees and grants from various federal, state, and city government agencies for services performed under contracts. Such contracts are subject to governmental compliance audits and may, from time to time, result in adjustments to fees and grants received. In the opinion of the YMCA's management, the disposition of all such matters should not have a material adverse effect on the YMCA's financial position or changes in net assets.

Litigation and Insurance

The YMCA is involved in certain legal claims incidental to the normal course of its activities. As a result, the YMCA maintains liability insurance coverage. Although the ultimate outcome of these claims cannot be determined, management believes based on their current assessment, that the final disposition of these claims will not have a material adverse effect on the financial position of the YMCA.

NOTE 11 FAIR VALUE MEASUREMENTS

The YMCA uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. For additional information on how the YMCA measures fair value refer to Note 1 – Summary of Significant Accounting Policies.

Quantitative Information about Level 3 Fair Value Measurements

The unobservable inputs used to determine the fair value of the interest in beneficiary trusts are the underlying assets controlled by the trustee. The underlying assets consist of marketable securities that are either classified as Level 1 or Level 2 assets and the YMCA's fair value is determined by taking the trust's total value multiplied by their interest in the trust, as stated in the trust document.

NOTE 11 FAIR VALUE MEASUREMENTS (CONTINUED)

Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent) (Continued)

Multi-Strategy Hedge Fund of Funds focus on building and maintaining low volatility, multi-manager portfolios which have little or no correlation to the broader debt and equity markets. Investments are primarily with institutional quality hedge fund managers who invest in a diversified historically uncorrelated strategy such as relative value, event-driven investing, equity market neutral, credit opportunities, and distressed. The fair value of the fund of hedge funds in this category has been estimated using the net asset value per share of the investments.

Private Equity includes venture capital, buyouts, mezzanine, and special situation funds. The unobservable inputs used to determine the fair value of the fund of private equity funds has been estimated based on the capital account balances reported by underlying partnerships subject to the private equity fund of funds management review and judgment.

NOTE 12 LIQUIDITY

The YMCA regularly monitors the availability of resources required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. Financial assets in excess of daily cash requirements are invested in money market funds, certificates of deposits and other short-term investments.

The YMCA's governing board has designated a portion of its resources without donor restriction for endowment, capital investments, and other purposes. Those amounts are identified as board-designated in the table below. These funds are invested for long-term appreciation but remain available and may be spent at the discretion of the board.

The following table reflects the YMCA's financial assets as of the years ended December 31 that are available to meet cash needs for operating expenditures within one year.

	2021	2020
Cash, Cash Equivalents, and Invested Reserves	$ 25,751,567	$ 16,122,552

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Audit Committee
Young Men's Christian Association of the North
Minneapolis, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Young Men's Christian Association of the North (YMCA), which comprise the consolidated statement of financial position as of December 31, 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated April 26, 2022. The financial statements of Twin Cities YMCA Partners, LLC, YMCA at the Marsh, LLC and Open Y, LLC were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered YMCA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of YMCA's internal control. Accordingly, we do not express an opinion on the effectiveness of YMCA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Audit Committee
Young Men's Christian Association of the North

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether YMCA's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Audit Committee
Young Men's Christian Association of the North
Minneapolis, Minnesota

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Young Men's Christian Association of the North's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Young Men's Christian Association of the North's major federal programs for the year ended December 31, 2021. Young Men's Christian Association of the North's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Young Men's Christian Association of the North complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements*, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Young Men's Christian Association of the North and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Young Men's Christian Association of the North's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Young Men's Christian Association of the North's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Young Men's Christian Association of the North's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Young Men's Christian Association of the North's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Young Men's Christian Association of the North's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- obtain an understanding of Young Men's Christian Association of the North's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Young Men's Christian Association of the North's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Audit Committee
Young Men's Christian Association of the North

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTE 1 BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Young Men's Christian Association of the North (YMCA) under programs of the federal government for the year ended December 31, 2021. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the YMCA, it is not intended to and does not present the consolidated financial position, consolidated statements of activities, functional expenses, or cash flows.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule includes the federal grant activity of the YMCA and is presented on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in, the preparation of the basic consolidated financial statements. The YMCA has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, the YMCA provided federal awards to subrecipients under the 21st Century Community Learning Center program as follows:

Program Title	Amount Provided to Subrecipient
YWCA of Metropolitan Minneapolis	$ 101,540
Boys and Girls Clubs of the Twin Cities	495,046
Special School District No. 1, Minneapolis Public Schools, Community Education Department	243,902
